MAIN GAME

Smash the Pig® is a 3-reel, single pay line game that pays for 3 of a kind line wins. Players display skill to form wins where possible, by using the "nudge" feature to move one reel either up or down a space, matching symbols to potentially create a winning combination.

A Scatter Bonus may appear during the Main Game where the player is prompted to select one of three Scatter symbols to win a prize! Scatter prizes include a single cash prize, an award of all prizes, or an automatic trigger of the Bonus Game. The Scatter Bonus also includes a "Pick Again" option where one additional prize selection is awarded to the player.

BONUS GAME

In the thrilling Pig Smashing Bonus, players are awarded a random amount of luck in the Luck Meter and are whisked away to a field full of piggy banks. Eight little Pigs will appear on the screen, prompting players to "smash" 5 of them by selecting them to reveal random prizes. If any luck remains in the meter at the end of the five selections, 5 additional Pigs are added up to a maximum of 10.
