### MAIN GAME

The Big Easy™ is a 3-reel, 1 pay line game that pays for a variety of winning combinations such as 3 in a row, represented by the pay table on the left of the screen. Players may form a win using the skill feature, which allows them to “nudge” one reel either up or down a space, matching symbols to potentially create a winning combination. Forming a trio of Jazz Singers on the pay line will award the Jackpot!

### BONUS GAME

Three Logo symbols along the pay line will trigger the Bonus Game – an exciting Pick-A-Prize feature that prompts players to choose a jazz club to determine the number of Free Games they have won. From there, they must also choose a musical instrument to determine the multiplier of all wins in the bonus round.

During the Free Games Bonus all 3 lines become active pay lines, and it is also possible to retrigger more Free Games from within the bonus.
